Sample Schedule for Overnight Program:

We ask that students arrive at the Sports Center at 6pm in order to meet the host/hostess and go to dinner in the cafeteria. Please have a seat at the tables in the lobby and your host will pick you up. After dinner, guests will do what the host/hostess has planned during the evening (as both full-time students, this might include down time for doing homework, going to library, etc., but could also include going to a campus event or activity). In the morning, the guest will have breakfast in the cafeteria before going to a class. We try our best to find a class in the student’s major or something that he/she may have to take freshman year. After the class, we ask that the guests go to the Bates House (Admission and SFA) for the 12:00pm campus tour if they have not completed a campus tour before. After the tour, the guest is free to leave. Even if you do not plan on taking the tour, please go to the Bates House to sign out. If a parent or guardian is picking you up, they should plan to meet you at the Bates House. All in all, please plan for being at the University of Hartford from about 6:00pm the evening of your stay until about 1:00-1:30pm the next day.

Expected Guidelines for Your Visit:

The Overnight Program is a great opportunity to show prospective students the academic and social atmosphere of the University of Hartford. While the student host/hostess will make every effort to accompany you throughout the majority of your visit, you should remember that they have primary responsibilities as students and may not be able to provide social activities or be with you during your entire stay. However, you may be invited to attend school-sponsored activities, in which we hope you will attend.

While visiting the university, we assume you will conduct yourself in an adult manner. This includes adhering to all rules and regulations governing our current student population as well as Connecticut State Laws. If you choose to leave campus during your visit, we cannot assume responsibility for your safety; additionally, we cannot assume responsibility for any injuries due to unsafe or negligent personal behavior.

The university will make every effort to provide safe and reasonable accommodations for you during your stay with us. Room accommodations are provided for you for one night only. It is also conceivable that you may be sharing a room with another guest.

Parent Resources:

If you are traveling to the University of Hartford with your child, we invite you to take part in going on the campus tour. Please view our Parents and Visitors section on our website, www.hartford.edu, for directions and local hotel information. Also, please view our Campus Concierge at http://uhaweb.hartford.edu/sca/pages/CampusConcierge.htm for information about local attractions, dining, and entertainment in the area.

We sincerely hope that you find your stay at the University of Hartford a welcoming and rewarding experience. Please feel free to contact Christine Riley at the Office of Admission and Student Financial Assistance if you have questions or need further assistance with the overnight program at (860) 768-4991 or by email at riley@hartford.edu.
