Tuition and Fees

The cost of a college education falls into two general categories. The first includes charges for admission, tuition, fees, and related services. The second includes living costs, travel, and other items of personal expense. Inquiries regarding student financial matters may be made at the Student Administrative Services Center.

Health and Counseling Fee
– Per term $138
Graduate students living in University housing pay a Health and Counseling Fee that entitles them to health and counseling services at the campus clinic and provides 12-month accident insurance.

Nonresident graduate students are not required to pay the Health and Counseling Fee. Those who participate in intercollegiate or intramural sports are advised to purchase coverage. Others who wish to use the campus clinic or counseling services may purchase health and counseling services by submitting the required forms and paying the fee. Enrollment forms may be obtained at Health Services or the Bursar’s Office.

Sickness Insurance
Every student is expected to be covered under a comprehensive medical insurance plan as part of a family protection plan or an appropriate equivalent. A group health insurance policy covering medical and surgical hospitalization is available to students on a voluntary basis. Brochure and enrollment card are available at the Bursar’s Office.
International students will be automatically enrolled in the University of Hartford accident and sickness insurance plan and will be billed for this plan through their student account. Questions regarding the plan or arrangements for subsequent years may be referred to the International Center.

**Technology Fee**
The University assesses all students with a fee for technology. This fee supports the University of Hartford’s ongoing efforts to create and maintain technology infrastructure to promote student learning. Such infrastructure includes, but is not limited to, information networks, electronic information resources, computer laboratories and classrooms, and the development of technologically advanced teaching materials.

Full-time graduate students will be charged at the following rates:
- $80 per term for resident students taking 9 or more credits
- $70 per term for commuter students taking 9 or more credits

All students who are enrolled for at least 3 credit hours, but fewer than 9 credit hours, will be charged $25 per term. No fee will be charged to students enrolled in fewer than 3 credit hours.

Rush transcripts are available at a cost of $10 each. Fees are payable in advance (see page 43).

**Fines**
Fines may be levied for violations of vehicular, library, housing, and other regulations (see University Judicial Code as published in The Source).

**Dining Fees for 2006–07**
All resident students must participate in a meal membership. Freshmen may choose from any of the four plans offered. As its name implies, the Freshman Exclusive plan will only be available to students during their freshman year. Students who entered the University prior to the fall 2004 term, however, with full-time status, will be able to participate in any meal membership. Dining Dollars will carry over from fall to spring semester, provided the student participates in a meal membership both semesters. Commuters have the option to purchase any meal membership. For additional information or assistance in making a selection, see the meal plan brochure.

**Premium Plus**

19 meals/week, plus $200 Dining Dollars and 5 guest meals/semester

Designed for those students who eat three meals a day. This plan provides all 19 meals offered: breakfast, lunch, and dinner, Monday through Friday; and brunch and dinner on Saturday and Sunday. Students are guaranteed a meal at every available meal period. This plan is supplemented with $200 Dining Dollars and 5 guest meals per semester.

$2,132 per semester

**Flex**

7 meals/week, plus $450 Dining Dollars and 5 guest meals/semester

$2,074 per semester

**Freshman Exclusive**

220 meals/semester, plus $50 Dining Dollars and 5 guest meals/semester

Designed for those students who eat off campus once in a while or at home on an occasional visit. Students are allowed to use their meals anytime throughout the semester with no weekly restriction. One meal may be used per meal period. This plan is supplemented with $50 Dining Dollars and 5 guest meals per semester.

$2,074 per semester

**Commuter**

The commuter meal membership is geared specifically to give you better dining value when you use your plan instead of paying cash to eat. Your remaining Dining Dollars balance will carry over to the following semester, provided you participate in a meal membership both semesters.

$691 per semester

**Kosher Upgrade**

All meal plans can be upgraded so that the meal portion of the plan may be used at the certified Kosher Kitchen in University Commons. Upgrade costs are as follows:

- **Premium Plan**
  Kosher upgrade = $220 per semester
- **Freshman Exclusive Plan**

Please see the dining meal plan brochure for further information.

**Summer Students**

For charges, see *Summerterm Bulletin.*

**Payment of Bills**

For full-time students, payment, or other satisfactory arrangements, should be made no later than the due date published within the class schedule. Payment of the registration fee must accompany registration materials and is nonrefundable. For part-time students who are charged per credit hour, one-half of tuition and additional fees, where applicable, will be due prior to the beginning of the semester. The balance will be due approximately one month later. All checks should be payable in U.S. dollars and drawn on a U.S. bank. Checks returned for insufficient funds will result in a $15 fee. Students may pay with an online check at www.hartford.edu; click on Quick Links and then Self-Service Center. Please note that online payments require a student University ID number and PIN.

**MasterCard, VISA, American Express, or Discover**

The University accepts MasterCard, VISA, American Express, or Discover for full or partial payments. Charge payments may be made at the Student Administrative Services Center; online at www.hartford.edu (student ID and PIN required), Self-Service Center; or by calling
860.768.5734. Overpayments that result from credit card authorizations will be credited back to the charge card.

Summerterm
Due to the shorter duration of the summer sessions and the variety of program schedules, some adjustments are necessary in the summer tuition payment plans (see supplemental summer Bulletin).

Financial Delinquency
Any student failing to pay his or her account with the University on or before the day it is due may be excluded from all classes, lectures, laboratories, examinations, cocurricular activities, and graduation until such payment or other satisfactory arrangement is made. The student may also be denied grades, transcripts, diplomas, and the opportunity to register for subsequent semesters if payment is not made when due or if the student’s debt to the University is discharged in bankruptcy proceedings. A default charge of 1.5 percent per month on any unpaid balance may be charged until all arrears are paid in full. If, in the judgment of the University, it becomes necessary to engage the services of a collection agency or attorney to obtain payment, the student must pay collection agency or attorney fees, reasonable expenses, and other costs incurred to the maximum extent allowed by law.

Veterans’ Finances
Students eligible for veterans’ benefits are required to make their financial arrangements with the University in line with the policies discussed above. Any veteran seeking a special arrangement should contact the bursar. Veterans should consult with the Office of Veterans Affairs and with the Registrar’s Office for instructions on obtaining reimbursement by the federal government.

Withdrawal
In order to withdraw and to receive financial credit, a student must complete a change of program form. Nonattendance does not constitute a withdrawal, and no deduction is made for temporary absence from classes. No refund of any fees or charges is made if a student is suspended, dismissed, or leaves the University without formally withdrawing.

Because the University assumes various contractual obligations for instruction and other services throughout the year and bases its budget upon full collection of all charges from all registered students, effective with the date the student notifies the Registrar’s Office in writing, tuition refunds based upon full payment will be made in accordance with the schedule that follows.

Tuition (full-semester courses)
Withdrawal prior to and within the first week of classes (includes all fees except registration fee) 100% refundable
Withdrawal within the second week of classes 60% refundable
Withdrawal within third week of classes 40% refundable
Withdrawal within fourth week of classes 20% refundable
Withdrawal after fourth week of classes No refund

Withdrawals for medical reasons should be submitted to the dean of students with appropriate documentation for consideration of a prorata refund of housing and dining fees only. Tuition charges will be adjusted in accordance with the policy stated above.

Students receiving Title IV funds are subject to federal policies regarding the return of those funds upon withdrawal. Contact the Office of Admission and Student Financial Assistance for information.

Board
Board charges are refunded during the first four weeks of class based upon a percentage of operating costs and the number of unused points.

Fees
Laboratory and technology fees for the semester are not refundable after classes begin and therefore are not subject to proration.

Summerterm
Due to the shorter duration of the summer term, tuition and fee refunds, based upon full payment, are made according to the following schedule:

Withdrawal prior to beginning of class:
Tuition and Laboratory Fees 100% refundable
Registration Fee nonrefundable

1Subject to tuition deposit for incoming students, which is not refundable.
For withdrawal after classes begin, but within the first week, tuition only will be refunded according to the following percentages:

<table>
<thead>
<tr>
<th>Session</th>
<th>Refund Percentage</th>
</tr>
</thead>
<tbody>
<tr>
<td>Less than a three-week session</td>
<td>No refunds</td>
</tr>
<tr>
<td>Three-week session</td>
<td>30% refund</td>
</tr>
<tr>
<td>Four- and five-week sessions</td>
<td>40% refund</td>
</tr>
<tr>
<td>Six-week (or more) session</td>
<td>50% refund</td>
</tr>
</tbody>
</table>

In determining the percentages of refund, the effective date of withdrawal is the date the student notifies the Registrar’s Office in writing rather than the last day of class attendance. Nonattendance does not constitute a withdrawal.

Fees are not refundable after classes begin and, therefore, are not subject to proration. The refund policy noted above is based on the assumption that the student has paid the tuition and fees in full prior to the date of withdrawal.

Withdrawals for medical reasons should be submitted to the University bursar with appropriate documentation for consideration of a prorata refund of housing and dining fees only. Tuition charges will be adjusted in accordance with the policy stated above.

Students receiving Title IV funds are subject to federal policies regarding the return of those funds upon withdrawal. Contact the Office of Admission and Student Financial Assistance for information.

**Refunds**

Disbursements of credit balances will be made on request only. Overpayments that result from credit card authorizations will be credited back to the charge card rather than refunded directly.

**Textbooks and Supplies**

Textbooks and supplies are not included in the cost of tuition. As a convenience to students, the University maintains a campus store in Harry Jack Gray Center where all necessary books and supplies, including art supplies, may be purchased. The cost of textbooks and supplies varies with the courses taken. Students should estimate not less than $75 a course. All sales in the campus store are on a cash, check, MasterCard, VISA, Discover, or American Express basis.

**Changes in Arrangements**

Because of the difficulty of determining long-range economic trends, the University reserves the right to make changes in its tuition, fees, and other charges, and in regulations, facilities, and class offerings that, in its judgment, are considered necessary and reasonable and to apply such changes to students already in attendance as well as to new students. No change in tuition and fees is made retroactively, however.
